DekCradle™

DekCradle™ at 450mm crs max. Battens at 400mm crs max. Otherwise to suit flooring manufacturers requirements.

DekCradle™ sits directly on membrane. No glue or adhesive or fasteners of any kind between DekCradle™ and membrane.

Made from recycled rubber the DekCradle™ contains no solvents and is a fully blocked resin formulation to guard against reaction with all membranes.

Designed to take ex 50mm thick P&G H3.2 timber for external use. P&G 50mm thick timber is recommended but DekCradle™ can accommodate rough sawn 50mm thick timber squeezed into saddle.

Brown in colour to ensure DekCradle™ is not mistaken with acoustic cradle.
